

4th October 2023

Dear Parent/Carer

Food Technology

Throughout Year 7 Design and Technology lessons your child will be studying food technology. During this time, they will take part in a number of practical lessons and the dishes your child will be cooking are:

1. Wedges and dip
2. Quesadilla
3. Stir fry
4. Tomato pasta
5. Scones
6. Garlic bread
7. Pizza

To support the department with the provision of ingredients, we are asking for an £8.00 contribution for the practical lesson. This can be paid via ParentPay by **20th November 2023**. Your child will be given the opportunity to bring in optional extra ingredients for some practical lessons but will be told of this in advance of the lesson.

Your child will need a large container for every practical lesson to take food home.

If there are any issues or questions regarding the practical lessons or the contribution, please contact your child`s food technology teacher via the school telephone number.

Yours sincerely

P Barton
