

March 2020

Dear Parent/Carer

School Closure

As you are aware, all schools are being directed to close on Friday, 20th March in line with the Government's recent announcement to support our strategy against the Coronavirus. Further information regarding the school re-opening will be provided in a timely fashion. These are unprecedented times and I wish to thank all of you for your continued support.

Whilst the school is closed, our duty and responsibility to safeguard our pupils remains. Our regular check-ins with families will continue throughout the period of school closure, just as if the school was open. Please feel reassured if a member of school staff calls or visits to check in with you, and to speak to your child.

Please use our school website to find the latest advice and guidance to support your child during this period.

Accurate communication with you is vital and "Parentapp" is the most efficient and direct way for us to communicate important information with you. If you have not yet downloaded the app you will have recently received a text message with an invitation. Please follow the instructions on that text message to download the app as a matter of urgency, to ensure you are not missing vital information from school.

In addition to this, we have written to you previously regarding our on-line learning platform "Classcharts". This will help support your daughter's learning and will allow you to monitor the work she is being set.

Rest assured that the school will continue to support you and your family during these testing times.

My thought and prayers are with each and every one of you.

Yours sincerely

D. Gidman
