

16th February 2022

Dear Parent/Carer

Drinking Water

In order to reduce contacts during the pandemic, we have been providing bottled water to all students throughout the day.

In order to reduce waste, and continue to provide contact free access to water, we have installed touch free water dispensers. These dispensers are placed around the building and students can access these before and after school and during break and lunch times.

Students will need to bring their own refillable bottle to school, but we will continue to provide bottled water until Friday, 18th February. From Monday, 28th February all free water is accessed via the dispensers in school and bottled water will need to be purchased.

Yours sincerely

D. Gidman
