

31st March 2020 : Day 7 of the Bosco 'shut-down'

Jess Houghton

Day 7

It was a quiet morning in Bosco.

Before break we helped Natasha with her science fertilisation work, a story about the journey of Sammy the Sperm and his journey to meet Edna the Egg Cell.

Break was waffles and toast with strawberry jam, we were joined by Miss Crowley and Mr Gidman.

We worked through till lunch, then decided to set up an obstacle course for period 5. Izzy got the fastest time setting the record at just 57seconds.
