

Student Code of Conduct

In our school community we seek to nurture the gifts, dreams and talents of all in the spirit of St John Bosco". We aim to do this by:

Respect – for each other, property, learning and the environment

- Arriving to lessons on time and ready to learn (attitude and equipment)
- Developing productive relationships with peers and staff
- Wearing correct school uniform
- Appreciating our environment (classrooms, corridors, toilets and resources)
- Remembering our words and actions can have a positive impact on others (face to face and in the virtual world)
- Treating all members of our Salesian community how we want to be treated
- Displaying positive behaviour on the corridors

Understanding

- Listening to instructions and the opinions of others (even when they differ from our own) in the classroom and the wider school community
- Supporting our peers
- Addressing issues with patience and a willingness to listen
- Celebrating diversity

Affection

- Demonstrating our faith in actions as well as words
- Participating actively in the classroom and wider school activities
- Celebrating achievements together as a Salesian community
- Encouraging and uplifting each other

Humour

- Maintaining a positive attitude towards learning and peers
- Use humour in a kind and respectful manner
- Developing resilience by learning from our actions and situations we experience in school and in our wider school community

By following these principles of Respect, Understanding, Affection, and Humour, we strive to create a nurturing and happy school that reflects our values and mission.
