How have you/your school previously supported another school?	I worked as an AST, on behalf of the LEA, for nine years supporting a large number of schools across the city (in both the primary and secondary sectors). Further to this I have worked on behalf of Liverpool Hope University supporting both their music undergraduate course as well as the delivery of their ITT course.
What was the specific Impact of your support?	Examples include: Improved whole school teaching and learning; improved management of a subject area; improved whole school NQT support systems; improved delivery of ITT provision; improved quality of teaching and learning in a designated subject area (resulting in improved departmental outcomes); development of curriculum design.
Headteacher counter-signatory, indicating I hereby confirm that: a) the information contained in this profile is accurate b) I am happy to endorse the work of this person as an SLE	 December 2020
