

SLE – Personal Profile

<p>Name</p>	<p>Nicola Caldwell</p> 
<p>SLE designation (Date of designation & Teaching School)</p>	<p>July 2018 through St John Bosco</p>
<p>Current School</p>	<p>St Gregory's Catholic High School</p>
<p>Most recent OfSTED judgement (Overall and Leadership)</p>	<p>Ofsted judgement for the school is RI. However, I have been Head of Science for 5 years and the science department has had outstanding results during my leadership. Last year we achieved the highest results in the Archdiocese and we were the top performing science team in Warrington. Our results have been as high as s 30% above National. Below are quotes from the most recent Ofsted report:</p> <p><i>Teaching is improving and is strong in science</i></p> <p><i>Pupils benefit from strong teaching in art, modern foreign languages, science, drama, PE. In these subjects, pupils' levels of enjoyment in their learning are high and they n and sometimes outstanding, progress.</i></p>
<p>Particular area(s) of Expertise/Strength</p>	<p>Team building, prioritising for rapid improvements, behaviour management skills, pupil engagement and teaching styles that focus on skills and knowledge that lead to the best outcomes. Effective tracking and assessment and quality assurance processes.</p>

How have you/your school previously supported another school?	Our school has 4 SLE's and we have provided in house support for colleagues, and training for colleagues from other schools. As an Assistant Head I am used to line managing Heads of Department and analysing the performance of their departments. I am also able to effectively set priorities and actions for improvements.
What was the specific Impact of your support?	Departments that I have line managed have had excellent support and guidance from me via regular link meetings and day to day contact. Discussion and actions are always focused on improved outcomes and results have demonstrated that my support has been very effective.
