How have you/your school previously supported another school?	As part of a SEN review of provisions in other high schools working in conjunction with a trained Ofsted Inspector I participated in review visits, which involved looking the SEN provisions and curriculum offers in each school.
What was the specific Impact of your support?	Improved provisions within each school as we evaluated the provisions in place in each school, the impact it was having and ways to maximize the impact, e.g. allocation of Learning Support Assistants within the class or delivering interventions. Improved curriculum in the specialist provisions within school by analysing the curriculum offer within the provision and comparing

	<p>this with the offer and the demands of the curriculum in the mainstream provision. Work is ongoing in this area. Improved practice in evidencing need and use of provisions when applying for an EHCP or funding, resulting in a reduction in the number of declined applications.</p>
