	Particular area(s) of	Science.

National College for Teaching & Leadership

I also am the subject mentor for trainee teachers, with all trainees
•
securing employment at first interview from 2018 onwards.
Worked with SEA, Whiston to develop assessments within Science.
This work was due to school's shutting in March 2020 so the specific
impact cannot be measured.
New assessments were being used and mock grades were looking more positive. In the academic year 2018-2019 the school progress 8
measure was -1.05 with a confidence interval of
-1.23 to -0.87. Using the Ebacc Measurement 44% of pupils
entered achieved a Science grade at grade 4 or above compared to
36% in the local authority.
No specific data available for 2019/202). There was also development of AO2 skills with development of
stimulus sheets.
