

2nd May 2023

Dear Parents/Carers

Year 11 GCSE Examinations

As we fast approach the start of the GCSE examinations, we just wanted to share with you how we are helping your child prepare.

We are currently running after school interventions in most subjects.

These are:

- Monday - Geography/History/Spanish
- Tuesday - Maths
- Wednesday - Science
- Thursday - English
- Friday - RE

We ask that you encourage them to attend all where possible. We are also running extra revision sessions during form time and lunch times. Additionally, some of our students are receiving extra tuition during the school day and if students have finished coursework in certain subjects they can utilise that time to revise in other subjects. As during the Easter holidays, we will again be running revision sessions during May half term. A timetable will be shared with students, parents and online in due course.

You can also help your child through the exams and there are some helpful hints and tips here to help you: [Supporting Your Child Through Their GCSEs | Success At School](#)

We understand that this can be a stressful time for students in our Year 11 Cohort. If your child is struggling, please encourage them to speak to staff in school, we are always here to help.

Yours sincerely

M Johnston
